Football is a language that everyone speaks, and it can be used to change lives. It's more than keeping fit, it's about respect, team building, trust & confidence.

If you want to be the

Welcome...

...to the Buckswood Football Academy. I must confess I know little or nothing about football itself, though I do stand on the touch line and support very enthusiastically. However, what I do know is that there are many young boys and girls that have a talent in this field and I want to be able to help them reach their goals. I will give them every opportunity I can to ensure that they get the very best so that they can reach their ultimate goal. Not everyone will go on to play football professionally, they may reach National or County standard or end up playing for their University, their future employer's team or just in a friendly Sunday league. Whichever pathway they take I want to be able to ensure that we give them that opportunity so that they have an outlet that will help them to have that feeling of achievement and fulfilment. Facilities are of course important and every parent looks for the quality of the astro turf (and Buckswood is well equipped for good sport tuition), but more importantly I believe is "esprit de corps". All teenagers must have strong mentors to guide them and encourage them to be the best and our football coaches and support staff do just that, both inside the classroom and on the field, and it works. I am always amazed by the dedication of the Football Academy squad, out practising in all weather, learning to work as a team and pushing themselves to be the best; what more can one ask? Too many nowadays just aim for the norm; the football coaches here instruct and instil a sense of purpose, belonging and a "can do" spirit.

The Academy...

The Buckswood Football Academy is a development centre for players to receive the necessary focus in terms of training hours and provide the quality of coaching and support needed to promote players through the player pathway to a potential professional career.

What makes the Buckswood Football Academy different?

Where the Buckswood approach differs from other Football Academies is the balance struck between football training and education; and the breadth of qualifications on offer from English language courses, short term academic courses, GCSEs, IGCSEs, A Levels, IB and a University Foundation Course in Football Studies. Many of our Academy players are already competing at the top levels, flying off to their home countries to represent their home nations in their age category or are already signed at a club and the Buckswood Academy allows them to keep up their academic studies and receive top class coaching to fit in with their call-ups. The Academy is supported by a professional team of coaches, strength and conditioning experts, specialists and academic staff, and the training program fits seamlessly into the academic timetable.

Buckswood: it's time to get serious...

...Football beyond the classroom

Since I was young, I have always had an eye on the goal, my love for football from when I was a kid up until now has never faded. From playing in the metal cages on the streets of Paris to playing for a professional young footballers academy, Paris Football Club. I realised how much more opportunities are available for me out there. I searched for a school that provided football with outstanding education.

Buckswood was my outright choice and I knew that I made the right decision. The proposed plan, the style of football and the academics. The balance and the feel of football and education was right. It was every kid's football dream at the time and it came to fruition. After 2 lovely and fun filled years, I felt I improved enough to take the next step in my young footballing career. I went to Orlando, FL to graduate from an elite athletes High School and from then I embarked in my professional footballing career.

I was offered a scholarship to play for the Southern New Hampshire University soccer team where I played for one year. Then I made the jump back to Europe and after short spells in Romania, I signed my first professional contract with Meap FC in Cyprus.

Buckswood continues to support me today.
