MAXIMUM CLASS SIZE OF 10

**TECHNICAL REQUIREMENTS:**

COMPUTER WITH WEBCAM AND MICROPHONE, RELIABLE INTERNET CONNECTION

**SUMMARY**

Our virtual summer camp provides the perfect environment to improve your English, have fun and make friends from all over the world. Dynamic, interactive, informative and culturally integrated lessons will motivate students and enable them to build their confidence from the comfort and safety of their own home. One-to-one time spent with both a tutor and international friends will provide a great opportunity to practice what you have learnt, while activities will provide fun and energy to brighten your day. The Stafford House day doesn't end there! Your teacher will provide you with carefully selected homework tasks which will allow you to put what you have learnt into practice and take your learning out into the wider world. Our virtual summer camp aims to bring the spirit of Stafford House to you. Each day we will explore a new and exciting topic that has been selected to really get students thinking and using their English. The theme will extend across both lessons and activities and will be consolidated with a homework exercise.

Lesson topics Include: Shopping, Your point of view, Risk/invention, Survival, Pop Culture, Travel, Food, Environment Super Heroes & Teenage Issues.

\*Please note that these will differ depending on student level

	HOMEWORK	Spending Report Read the postings from your classmates on the forum and comment on at least 3 of them & ask questions to find out more information. Write a short report on the spending habits of your classmates

## FIVE PARTS TO A PERFECT LEARNING DAY

## 1. LESSONS

Our online lessons are specially designed to target students' communicative competencies & maximise the benefits of the online multi-lingual classroom. Each day will be centred around a topic & will use our tried & tested structure: the first two lesson will focus on new vocabulary which will be used in practical & fun ways in subsequent lessons. All materials have been designed exclusively for Stafford House & breakout rooms will encourage pair and group work.

## 2. ONE TO ONE TEACHER TUTORIALS

A great way to catch up with your tutor to discuss your progress, receive targeted error correction & talk about what you would like to learn in the future. Your teacher will be well qualified to assist you in your English language learning journey & help you really make the most out of your course with us. They will be able to give you plenty of recommendations for ways to improve your English both in the online classroom & during everyday life.

## 3. TIME WITH AN INTERNATIONAL BUDDY

Each day you will complete an interactive activity with your international buddy. Your teacher will set you tasks to complete together & present to your classmates. This will give you a chance to meet with other students from around the world & find out about their cultures & customs. Tasks will include: pair portraits, web quests, video presentations and book, film & music reviews.

## 4. ACTIVITIES

A Stafford House online activity will provide the perfect end to your daily session with us – The words & phrases that you have learnt in class will help you have fun, use your English & even pick up a new skill. Activities Include: blog writing, international event, lip sync battle, talent show, scavenger hunt, virtual city & museum tours.

## 5. HOME WORK

The Stafford House day doesn't end with an activity - the learning keeps going. Students will be given a homework task each day to complete, this will build on what they have learnt in class & allow them to explore the topics even further. Homework tasks may include: listening to a TED talk, preparing a written or video presentation or interacting with other students on a class forum.
